

WIPES & MORE

Fentex Limited

The parent company to FWS and Gostelows. Founded in the year 2000, Fentex Limited is the largest Spill Control supplier and manufacturer in Britain with the largest range of spill control products designed, manufactured and packaged in the UK.

Fentex provide the market with optimum value products and services through a network of independent distributors.

By supplying products through distributors we are able to offer the best all-round customer service and support.

www.fentex.co.uk

Fentex Wiper Solutions (FWS)

We began supplying Industrial wet wipes to our distribution network seven years ago and decided to move to in-house manufacture mid 2019. This saw the creation of a separate, dedicated wet wipe facility near to our Head Office in Cambridgeshire.

Our extensive range of Wiper products offer the following benefits;

- British Made with shorter lead times
- Unique high performance formulas
- 100% recyclable tubs and lids

www.fentexwipersolutions.co.uk

Gostelows

Founded in the historical city of Hull in 1926, Gostelows has been a family run business since day one, with a strong family work ethic and close working relationship between all departments as one of the longest standing leather bag, vinyl bag and knife sheath design and manufacturers in the UK.

As part of the Fentex family Gostelows proudly produce the entire range of Fentex vinyl Spill Kit bags and holdalls, Leak Diverter kits and drain filters as well as a number of bespoke products for their industry wide distributor base.

www.gostelows.co.uk

Fentex Wiper Solutions

Fentex being the largest spill control supplier and manufacturer in the UK has naturally found itself moving into sectors such as janitorial, medical and lab supplies. In 2020 due to the global pandemic these industries took the spotlight and Fentex being a manufacturer and supplier increased staff and production space to be able to provide the highest level of support.

To keep up with the demand for the new VIRAWIPE® range Fentex has re-named part of its production structure 'Fentex Wiper Solutions', and moved the team and machinery to an 11,000 sq ft manufacturing facility on the site where Fentex previously grew into the company it is today before relocating to its 42,000 sq ft premises in Warboys.

Nostalgia aside Fentex Wiper Solutions is now in a position to not only meet demand but design and produce products previously unexplored.

Custom Label Branding

We understand the advantages of promoting your own brand or company and so we offer bespoke labels – the best part? There's no additional cost involved!

With a dedicated in-house marketing team at your disposal, you have the opportunity to align your wipes seamlessly with your brand identity.

Whether it's tailoring an existing label to perfectly match your brand or collaborating with our experts to craft a unique, one-of-a-kind design, the possibilities are limitless.

We understand that every brand has its unique essence, and our labels are fully adaptable to your specific needs. Any modifications you require to showcase your product in the best light can be seamlessly integrated. Safety and production information, though essential, won't cramp your style – we'll expertly adjust them to harmonize with your preferred layout.

To learn more about the process just contact us and we'll be happy to help.
